

MAMMOGRAPHY ACCREDITATION PROGRAM – PERSONAL PROFILE

The CAR MAP has provided you with a professional online account at accred.car.ca, where you are able to keep track of your required Continuing Professional Development (CPD) credits and submit any required forms to fulfill the conditions for your approval within the MAP. Your approval status is carried across all facilities. **Only MAP approved technologists can work with a MAP accredited unit.**

First time logging in or need to reset your password? Go to accred.car.ca, click on “can’t log in” at the bottom of the login window. The system will send you an email from noreply@car.ca to set or reset your password.

CPD REQUIREMENTS

Technologists must document 15 continuing professional development (CPD) mammography related credits completed within the past 36 months. A minimum of 7.5 of those credits must be from accredited activities (category “A” or “1” or approved by the CAMRT) and substantiated with certificates of completion. On your profile’s **Home** page, in the **Program Requirements** section, click on “**View CPD details/Enter CPD activities**”, you will see your total number of qualifying (completed within the past 36 months) accredited and non-accredited CPD credits.

 0 qualifying credits of 15 Required

Accredited/Agréés - 0 qualifying credits , 7.5 Required

Unaccredited/Non agréés - 0 qualifying credits

Click on “+ Activity” to add breast imaging/mammography CPD activities to your profile.

Select **Category** Type – Accredited or Non-Accredited

Accredited activities are those that have been formally reviewed and approved by the Canadian Association of Medical Radiation Technologists (CAMRT) as Category "A" activities. These activities are assigned a specific credit value by the CAMRT, which is indicated on the certificate of completion. When logging accredited activities, you must upload your certificate of completion.

Non-accredited activities are tracked in hours rather than credits. The MAP system will automatically convert the reported hours into credits based on the type of activity. These activities are typically self-assessment activities, and no proof of completion is required when logging them.

Category

Select **Activity** Type – A default list of activities is provided. Choose “General” if your activity does not align with any of the default categories provided.

Activity

Select category with activity options

Enter **Hours** (non-accredited activity) or **Total Credits** (accredited activity – as per certificate of completion)

Hours

Total Credits

Click on the **Completion** field and select the date as listed on your certificate of completion (accredited activity) or the date of the activity was completed (non-accredited activity).

Completion

Name: Enter the title of the activity and the activity provider.

Name

Evidence – Mandatory for all accredited activities. Drag or upload the certificate of completion.
